

Permanent Cosmetics Consent

Parlor Beauty & Wellness Collective | 6100 E Central Ave, Suite 215, Wichita, KS 67208 | (316) 201-6255

Consent for cosmetic tattooing services: microblading, microshading, combination and nano brows, eyeliner, and lip services. Consultation and this signed form are required before any service.

What to Know

- ☐ Pigment is implanted into the skin. Results soften and fade over time (commonly 1-3 years) and are influenced by skin type, lifestyle, and sun; a touch-up visit is a normal part of the service.
- ☐ Redness, swelling, and tenderness are expected for several days; color appears darker at first and softens as it heals.
- ☐ Infection, allergic reaction to pigment, cold-sore reactivation (lip services), and uneven retention are possible.
- ☐ Healed color and shape cannot be guaranteed to match any photograph, including our own.
- ☐ A patch test is available and may be required.

I Confirm That

- ☐ I am 18 or older.
- ☐ I am not pregnant or nursing.
- ☐ I have disclosed my health history, medications, and any history of cold sores or keloid scarring.
- ☐ I will follow the written aftercare exactly, including keeping the area clean and protected.
- ☐ I understand a future MRI or laser procedure should be told about cosmetic tattooing.

For your safety, tell us about all medications and supplements (including aspirin, ibuprofen, fish oil, antibiotics, and retinoids), skin conditions, allergies, recent or planned sun or tanning-bed exposure, self-tanner use, pregnancy or nursing, and recent cosmetic procedures. Undisclosed conditions and medications are the most common cause of poor outcomes.

Results vary with skin type, age, hormones, health, home care, and consistency with the treatment plan. Honest work is promised; specific outcomes are not guaranteed.

I have read this form, had the chance to ask questions, and I answered the health questions truthfully. I understand the information above and consent to the service described.
